WELCOME TO DENTAL BLUE,

A COMPREHENSIVE DENTAL PLAN PROVIDING BROAD NETWORK ACCESS TO MEET YOUR DENTAL CARE NEEDS.

Your Dentist

Dental Blue offers an extensive network of dentists. Over 90 percent of dentists in Massachusetts and Rhode Island participate with Blue Cross Blue Shield of Massachusetts. Dental Blue members also have access to participating dentists nationwide.

If you would like help choosing a dentist, or already have a dentist and want to know if she or he participates with your plan, you can call the dentist, look at the current dental provider directory, or call Member Service at the toll-free phone number shown on your Dental Blue ID card. You can also access the online dental provider directory at bluecrossma.com.

Your Benefits

The dental benefits your plan covers are subject to the calendar-year deductible and coinsurance (if applicable), and benefit maximum amounts shown in the chart. The calendar year begins on January 1 and ends on December 31 of each year. The chart also shows the percentage of costs your plan will pay for covered dental services. Many of the covered services have specific time or age limits.

Pre-Treatment Estimates

If your dentist expects that your dental treatment will involve covered services that will cost more than \$250, Blue Cross Blue Shield recommends that your dentist send a copy of the "treatment plan" to Blue Cross Blue Shield before services are provided. A treatment plan is a detailed description of the procedures that the dentist plans to perform and includes an estimate of the charge for each service. Once the treatment plan is reviewed, you and your dentist will be notified of the benefits available.

Remember, the payment estimate is based on your eligibility status and the amount of your calendar-year or lifetime benefit maximum at the time the estimate is received and reviewed. (The actual payment may differ if your available calendar-year or lifetime benefit maximum or eligibility status has changed.)

Multi-Stage Procedures

Your dental plan provides benefits for multi-stage procedures (procedures that require more than one visit, such as crowns, dentures and root canals) as long as you are enrolled in the plan on the date that the multi-stage procedure is completed. A participating dentist will send a claim for a multi-stage procedure to Blue Cross Blue Shield only after the completion date of the procedure. You will be responsible for all charges for multi-stage procedures if your plan has been cancelled before the completion date of the procedure.

How Dentists Are Paid – Participating Dentists

Dentists that participate with Blue Cross Blue Shield of Massachusetts, Blue Cross Blue Shield of Rhode Island, or participating out-of-area dentists accept the lesser of either the dentist's actual charge or the allowed charge as payment in full for covered services. You pay only your deductible and coinsurance (if applicable), and any allowed charges beyond your calendar-year or lifetime benefit maximum.

In Massachusetts, benefits are usually only provided when covered services are received from a participating dentist. The exceptions are described in your plan description.

How Dentists Are Paid – Non-participating Dentists Outside of Massachusetts

Benefits for covered services by a non-participating dentist outside of Massachusetts are provided based on the dentist's actual charge or the allowed charge, whichever is less. The allowed charge is based on a schedule of charges. You may be responsible for any difference between the dentist's actual charge or the allowed charge, whichever is less. You are also responsible for your deductible and coinsurance (if applicable), and charges beyond your calendar-year or lifetime benefit maximum.

How Orthodontic Benefits Are Paid

Your plan includes orthodontic coverage. The lifetime benefit maximum is not part of your calendar-year benefit maximum; it applies only to orthodontic services. You are responsible for your coinsurance and any charges beyond your lifetime benefit maximum. Benefits are available on your effective date. If your orthodontic treatment began before you were covered under Dental Blue, a monthly fee will be paid for your remaining orthodontic visits until either your treatment is completed or the lifetime benefit maximum is exhausted, whichever comes first.

When Coverage Begins

You are covered, without a waiting period, from the date you enroll in the plan.

Dependent Benefits

This plan covers your unmarried dependent children until age 19, or full-time students until age 23. Student coverage ends when the student turns 23, or marries, or on November 1 following the date the student discontinues full-time classes or graduates, whichever comes first. A disabled child over age 19 may qualify for continued coverage under a family membership. Notify the plan sponsor before the child's 19th birthday.

Enhanced Dental Benefits

Enhanced Dental Benefits for certain dental care services are available for members who have been diagnosed with qualifying conditions. To learn more about specific conditions included in this benefit, review your plan description (and riders, if any) on MyBlue at bluecrossma.com.

If You Have to File a Claim

Participating dentists will send claims directly to Blue Cross Blue Shield. All you have to do is show them your Dental Blue ID card. The payment will be sent directly to your dentist as long as the claims are received within one year of the completed service.

If you receive care from a non-participating dentist, you will typically need to submit the claim yourself. Before submitting your claim, get an Attending Dentist's Statement form from Member Service.

After your dentist fills out the form, send it and your original itemized bills to Blue Cross Blue Shield of Massachusetts, P. O. Box 986030, Boston, MA 02298. All member-submitted claims must be submitted within two years of the date of service.

If you have a grievance, see your plan description for instructions on how to file a grievance.

Other Information

Coordination of benefits applies to plan members who are covered by another plan for health care expenses. Coordination of benefits ensures that payments from other insurance or health care plans do not exceed the total charges billed for covered services.

Your plan description has a subrogation clause, which means that Blue Cross Blue Shield can recover payments if a member has already been paid for the same claim by a third party.
